Sunday Mass - St. Ambrose Parish - Sunday 9:00 am.

St. Catherine Parish - Sunday 11:00 am.

New stricter restrictions have been introduced by the government of Alberta in the effort to bend the curve on the number of confirmed cases. These restrictions will take effect on Sunday December 13, 2020. All parishes under the Diocese of Calgary are expected to comply with these restrictions.

Faith services are limited to 15% of fire code occupancy for in-person attendance. For us that means a limit of 40 people. The Christmas Eve masses may be filled as of this printing. For St. Ambrose 345-3400 for St. Catherine 792-2353 or 381-4302

As open masses still depend on volunteers, if you are able to help, please contact Katie Lindsay 382-1235 or sign up for a time that works for you. Note: those 65 years and older are considered highly vulnerable and are not encouraged to volunteer. With the guidance of the Holy Spirit and our willingness to serve Christ as his body, we can make this happen. Be safe and may God’s grace and blessing be with you all.

The Diocese of Calgary strongly recommends to the faithful to, as much as possible, continue to wear the mask while seated in the pews during the Mass. This will help better protect one another in preventing the transmission of the flu and COVID-19. However, exemptions under the municipal bylaws will continue to be respected without requiring proof of eligibility. This gesture of wearing the mask is a sign of charity and concern for each other’s health. Please see the new poster in the church which highlights a number of health and safety measures to help prevent the spread of the flu and COVID-19. Thank you for your cooperation. Yours in Christ, Fr. Ian Gagne

**CDF gives green light on vaccines** - Congregation for the Doctrine of the Faith reiterates that due to the situation of the ongoing pandemic, “all vaccinations recognized as clinically safe and effective can be used in good conscience with the certain knowledge that the use of such vaccines does not constitute formal cooperation with the abortion from which the cells used in production of the vaccines derive.”
